Date of Birth: 14 February 1990

After 7 years as an officer of the Portuguese Air Force working in military aircraft maintenance management, I decided to embrace a new adventure as a Full Stack Developer. With a background in Aeronautical Engineering, I like to welcome new challenges, solve problems and acquire new skills. Available and enthusiastic to work in this new area of programming, based on team/organizational spirit, experience and discipline learned.

Education

MARCH 2023 – SEPTEMBER 2023

<Academia de Código_> [A 25-week asynchronous peer-to-peer full-stack online study program](#). Details on my linkedIn profile

SEPTEMBER 2020 – OCTOBER 2020

[Flight Safety Course/Portuguese Air Force](#), Alfragide, Lisboa, Portugal
Final Score: 18,5/20

SEPTEMBER 2008 – OCTOBER 2014

[Master's Degree in Aeronautical Engineering](#)/University of Beira Interior, Covilhã, Portugal

Master's Thesis- ""Improvement of mechanical properties of sandwich structures made of composite material"" (Final Score: 16/20); Final Degree Average score: 14/20

Skills

Java, Spring MVC, Spring Framework, Programming, Object-Oriented Programming, Web Development, Web Applications, SOA, HTML, CSS, JavaScript, Bootstrap, jQuery, Git, SQL, JUnit, Testing, Agile Methodologies, SCRUM, Maven, Tomcat, ES6, REST API, Java Database Connectivity, Model View-Controller (MVC), React, Outsystems, Service Studio, Low Code.

Projects

MAY 2023 – SEPTEMBER 2023

[JavaBank](#)

JavaBank Web App is an ongoing project started at week 13 of The Studio bootcamp – a full-fledged application reflecting a Bank management system that was built using industry best practices and most useful components of the java ecosystem.
